### FONASBA ACB LINER SHIPPING TRANSPORTATION COURSE

A modular qualification for agents in the liner shipping sector

9<sup>th</sup> Edition: 23<sup>rd</sup> September to 10<sup>th</sup> December 2021

Barcelona Shipping  
Agents Association

#### Liner shipping transportation

Online Module II - 9<sup>th</sup> Edition

From September 23<sup>rd</sup> to December 10<sup>th</sup>, 2021

*"Maritime transport is essential to the world's economy as over 90% of the world's trade is carried by sea and it is, by far, the most cost-effective way to move goods and raw materials en masse around the world."*

IMO Profile. Business UN Organization. <https://business.un.org/en/entities/13>

FONASBA has joined with ACB, the Barcelona Shipping Agents' Association (a member of ASECOB, the Spanish national agents' federation), to offer an online modular course for agents in liner shipping. It is open to employees of company members of any of its Full Member associations and of Associate Member companies. Your employees are therefore eligible to apply to join.

Unlike other FONASBA-supported courses, it has a set structure, comprising ten modules built around a series of video lectures provided by senior members of the Spanish liner shipping sector. Students also have access to a comprehensive set of supporting resources, including the opportunity to exchange comments and questions with the lecturers in a series of tutorials. To date over 500 students in Spain have successfully completed the course. **In view of the delivery method, this course has fixed start and finish dates, as shown above.** The course is administered by ACB and full details of how to register your employees, the fees payable and other information are provided in the attached course booklet. The main points are summarised overleaf.

**Adequately and appropriately trained liner agency staff are vital for supporting your principals. FONASBA therefore recommends that your company enters its employees in this course.**

**The closing date for this course is Friday 17<sup>th</sup> September so applications should be made without delay. The next course will not be held until September 2022 so register your students as soon as possible.**

© All materials and intellectual property in the course remain at all times the property of ACB.
